## CANOPY GROWTH CORPORATION ADDS PHEINMED INC AS CRAFTGROW PARTNER

August 8, 2017

**SMITHS FALLS, ON** – Tweed Main Street customers can look forward to another CraftGrow partner with the signing of a new agreement between Canopy Growth Corporation (TSX:WEED) ("Canopy Growth" or the "Company") and Umbral Energy Corp. (CSE:UMB).

If and when the appropriate cultivation and sales licences have been granted, Umbral's 75% owned subsidiary, PheinMed Inc. ("PheinMed"), a late stage applicant under Health Canada's ACMPR regulations, will supply its cannabis products via TweedMainStreet.com, the most diverse cannabis marketplace in Canada. The agreement will serve to increase the amount of variety and consistency of supply available to Tweed's registered medical cannabis customers.

"The CraftGrow program continues to attract excellent participation and excellent partners entering the medical cannabis space," said Mark Zekulin, President of Canopy Growth Corporation. "We are the only producer in Canada to offer a variety of producers' cannabis products, which is a winning proposition for everyone, especially our customers."

Existing and future CraftGrow partners gain access to the single largest group of cannabis patients in Canada. Because of this, CraftGrow is a simple way to garner brand exposure in an emerging industry.

As Canopy Growth management has previously stated, a successful cannabis marketplace requires a diversity of producers in order to thrive. The CraftGrow program and Tweed Main Street are integral parts of a successful cannabis ecosystem, and we are pleased to welcome PheinMed to the team.

Here's to Future Growth.
